

SIGPwny Meeting Sponsorship Information

SIGPwny, the computer security club at UIUC, is the largest ACM special interest group on campus. With over 400 registered members in computer science and engineering and an average of 100 attendees per meeting, our club is a great opportunity to recruit security and software engineers at your company!

At a Glance

With our **Chat** option, you will have the opportunity to meet and talk with students after our Thursday lectures (which are typically 15 minutes long). If you choose to hold a **Workshop** or **Event**, we will work with you to put together a dedicated event for your company, complete with catered food and even CTF challenges in line with your products and missions.
